DETAILED ACTION

Applicant's amendment dated 10/02/2002 and 10/04/2002 has been received and entered.

Due to crossed mail, the final office action mailed 06/19/2002 has been vacated in favor of the following action. Applicant is not required to respond to the 06/19/2002 action.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1, 2, 16-17 and 20 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential element(s), such omission amounting to a gap between the elements. See MPEP § 2172.01. The omitted element is:

The above claims fail to state how the liquid crystal display (LCD) housing can be as a light pipe for conducting light from the light source directly to the LCD panel while the LCD housing made of a light transmissive material (emphasis added). It should be noted that light from light source would not be conducted to the LCD panel if the LCD housing is made of transmissive material since such light would be transmitted out of the LCD housing.

Art Unit: 2871

Allowable Subject Matter

3. Claims 1-9 and 11-20 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
